

## Play Platform

Hippo Play Platforms enable you to bring pool play to another level! Providing multiple levels of 'hands on fun' and exploration, the colourful structures can be custom themed and designed to fit most pools or poolside. The Play Platforms

allow large groups of children to splash, spray, squirt and slide together. A variety of high and low level water features provide endless fun and excitement.

## Play Platform options

PP001 Play Platform – Splash Adventure Zone

Play Platforms make an exciting centre piece for an indoor Splash Adventure Zone. Multiple levels of surprise and anticipatory water fun, including a selection of slides will entertain the whole family. Complete your Splash Zone with toddler Splash Toys such as Interactive Water Channels, Spray Hoops, Water Webs and Snake Squirts.

PP002 Poolside Play Platform – Teaching Pool

Bring fun to your teaching pool with a Poolside Play Platform. The Play Platform can be used alongside swimming lessons to encourage learning through play, whilst keeping the actual pool free from fixed equipment and will not disrupt normal pool uses.

PP003 Play Platform – Splash Pool

Play Platforms are great installed either inside a splash pool or on poolside. A selection of features can be incorporated to encourage water confidence through tactile play, such as Spray Hoops and Water Webs. Highly visual Play Panels are great for mental and visual stimulation, and a selection of Slides will create a big splash in your pool!

From the design and planning phase through to installation the service Hippo provided was first class, our project had numerous contractors all on site at once and Hippo worked seamlessly with the rest of the team.

We couldn't be happier with the final product that Hippo delivered, we've got a really modern and different looking structure that is already proving a real hit with our customers. From the first moment we open the area in the morning through to the end of the day the area always has customers using it which is fantastic to see. The Hippo team did an excellent job and I would certainly recommend them to anyone looking to install water play equipment.
