

Splash Zone

Create a toddler play area with our “mix and splash” off the shelf interactive play range. A Splash Zone is ideal for bringing life to a beach area or toddler pool.

- No need for a water supply
- Easy to install and maintain
- Provides high visual impact

Splash Zone Options

Interactive Play Panels: All panels are 595mm H x 800mm W

SZ001 Underwater Sub
Visual stimuli with a bright, colourful design. Comes with a clear dome or a flat mirror.

SZ002 Sea Serpent
Get the ball bearings from one end of the serpent to the other. The panel requires problem solving and provides auditory and visual stimulation.

SZ003 Who Pairs Wins
A classic pairs game calling on problem solving, memory, sequencing and symbol recognition skills.

SZ004 Splash Mirror
Visual stimulation through light reflection, image and movement reflection. Fun design for young children.

SZ005 Underwater Bubble
Visual stimuli with a bright, colourful design. Comes with a clear dome or a flat mirror.

SZ006 Treasure Island
Children need to find the correct path for the ball to take through the treasure map. This requires focus and problem solving, great for mental stimulation.

SZ007 Whirlpool
Auditory stimulation (children must work out that they need to turn the wheels in order to produce sound), action and reaction thought.

SZ008 Underwater Diver
Visual stimuli with a bright, colourful design. Comes with a clear dome or a flat mirror.

SZ009 Hidden Treasure
By spinning the treasure coins children will reveal mirrors that bounce and reflect light. Visual and mental stimulation.

The Sensory Play Panels are used a lot and we have also arranged them so they act as a kind of barrier to slow the kids down running from the Splash Zone into the pool. Although it cannot all be attributed to the Splash Zone I am certain it has played a major role with income up by as much as 20% most months and considerably more in others. Teaming up with Hippo to create our Splash Zone has been a huge success with many positive comments from customers who return again and again!

Bernard McPeake, Manager & Director, Dalton Leisure Centre

SZ010 Swim Challenge

A game for young tots aimed at increasing water confidence.

SZ011 Tactile Panel

Provide great under water visual stimulation. Available in a number of themes including octopus, turtle, fish and crab.

SZ012 Mirrored Porthole

Children can have fun peering through the porthole and watching their reflection.

Interactive Play Panel Display Options:

SZ013 Stainless Steel Leg Mounting System

Legs enable panels to be located almost anywhere around your pool and are great for forming barriers around toddler play areas.

SZ014 Wall Mounting System

Fix panels to walls around the edge of a pool, or in areas such as changing rooms or cafes.

SZ015 Double Sided Panel

Most panels can be made to feature designs on both sides, allowing children to play on each side.

SZ016 Interactive Wall Panels

Bright and tactile underwater design with a series of moving parts, domes and mirrors providing tactile, visual and auditory stimulation. Available in custom sizes and can be installed separately or alongside each other to create a row of connecting panels. Water features such as jets can be incorporated if a water supply is available. Themes include: Underwater Sub, Sea Serpent, Who Pairs Wins, Splash Mirror, Underwater Bubble, Treasure Island, Whirlpool, Underwater Diver, Hidden Treasure and Swim Challenge.

The Hippo products installed at Water Meadows have provided a great mix of slides, water movement and play for our toddler market. It really has turned a flat leisure pool into a vibrant family Splash Zone and that has translated into a significant uplift in patronage levels.

Paul Street, Water Meadows Leisure Centre.

Toddler Slide Options

TS001 Under the Sea Toddler Slide

Features a port hole mirror and fish with spinning eyes. Dimensions: 2400mm x 500mm x 1000mm

We invested in a children's pirate themed slide which has been a hit for the under 5's.

Tanya, Waves Leisure Pool Manager, Torquay Riviera Centre.

TS002 Pirate Toddler Slide

Features a port hole mirror and spinning treasures. Dimensions: 2400mm x 500mm x 1000mm

Water Table:

SZ017 Squirt Station

A multi-play water table providing 4 different water effects. Water will flow down a series of interactive channels allowing children to manipulate the flow in a number of ways.

I like the Treasure Island panel the best because the maze game is fun and it spins.
Henry, Aged 6
