

# Splash Toys

Our exciting range of Splash Toys can be used together, individually or to expand a play sequence from an existing water feature.

- Fed from an existing water supply or via a hand pump station which draws water in from the pool

- Perfect for promoting water confidence through play with the under 8's, toddlers, babies and mixed ability groups
- Great for use in fun sessions
- Bright and vibrant
- Easy to operate and maintain

## Splash Toy Options

### Floatys:

ST001 Sammy the Sub Floaty

Dimensions: 1460mm x 640mm x 300mm

ST002 Terry the Tug Floaty

Dimensions: 1460mm x 640mm x 300mm

ST003 Vinny the Speedboat Floaty

Dimensions: 1460mm x 640mm x 300mm

### Lily Pad Walkway:

ST004 Lily Pad Walkways

Complete with tethering system.

### Water Web:

ST005 Water Web

A colourful post with water jetting out of the top creating a web effect. The flow of water to some jets can be manipulated by covering the others.

### Spray Hoop:

ST006 Spray Hoop

A bright arch with a series of water nozzles creating a water curtain effect for children to pass under.

### Water Cannons:

ST007 Water Cannon

Ideal for creating a Splash Battle Zone where children can shoot jets of water from cannons to hit targets, fill buckets and spin water wheels.

### Squirts:

ST008 Extra Large Shower Squirt

Various themes available.

ST009 Interactive Snake Squirt

Feature a series of water jets along the snake's wiggly body. Children can manipulate the flow of water to the jets by covering others up with their fingers. Standard length: 2000mm.

**Cascades:**

ST010 Interactive Water Channels

With interactive paddles and protective foot cup.

ST011 Mini Mast

Ideal for channelling water to features such as Interactive Water Channels.

ST012 Splash Bowl

Create a tiered cascade using multiple Splash Bowls.

**Customised Splash Toys:**

Hippo can produce customised themed Splash Toys to suit your needs.
