

## Seamless Coatings

Seamless Coatings is an exciting and innovative product range where the only limit to production is the customer's imagination! We utilise our unique processing ability of PU elastomer to coat objects of any shape or

size including furniture, shelves and pieces of modern art. Our customers love the use of outrageous colours and the flexibility to coat absolutely anything!

### Our Seamless Projects have included:

Sunfish Sculptures

One of sixteen Sunfish Sculptures Commissioned by Plymouth Making Waves. Painted by local artists.
